A 'Village Feel' for Charmandean

Dear Fellow Resident, if you haven't attended one of the meetings to discuss the formation of a Charmandean Residents' Association then this will all be news to you.

Nearly 70 households have already signed up to be part of CARA – The Charmandean & Area Residents' Association, which will concentrate on making this sought-after area of Worthing an even better place to live.

Our first priority is to respond to Highways England's proposal for changes to the A27 that would impact on us. Following this we will be focusing on building a community spirit by holding events and creating groups to bring residents together.

The cost for membership is £5 per annum which will cover administration costs. To join or for more information please go to the website: www.charmandeanresidents.co.uk

A Meeting Place for Locals –

As part of the aim to build a 'village feel' for the area, the Hill Barn Golf Club are inviting residents to use their restaurant and bar as a place to meet. They are also offering Association members 10% discount on all food and drink.

Members will be emailed a code to quote when paying their bill to receive the reduction. The bar and restaurant serves everything

from tea and cake to a slap-up lunch. Children and dogs* welcome. Open until dusk daily. *Dogs welcome on the patio area.

Response A27 Improvements-

...

Following Highways England's proposal to changes along the A27 around Charmandean to improve congestion, we have provided residents with a number of possible responses to what we believe will do very little to help the situation and in fact could make matters worse.

For a copy of these responses go to:
charmandeanresidents.co.uk

Deadline to submit responses to Highways England is 12/09/17
